

WHY PAY MORE?

the RAD[®] SECURITY CAP

Are customers removing your company 'LOCKING DEVICES" installed on gas stops?

Do your locking devices contain a legal warning that states "TAMPERING IS A CRIME"?

Is prior notification to tampering necessary to prosecute and offender?

Are your gas thefts increasing?

FEATURES & BENEFITS OF RAD[®] SECURITY CAP:

Saves up to 60-70% compared to other security devices

Notifies offender in English & Spanish that tampering is a "crime"

Reusable & UV stabilized

Simple & quick to install

Light weight & non-corrosive

Locking ties for replacement are not available to the public

Fits both 1" & 1 1/4" slotted gas distribution valves, open or closed positions

Secures protection for your company

Option to lock pre-fab settings prior to gas service
